

1. Family Forum members expressed concern regarding continuity and long-term sustainability with regard to some of the bids. Projects which have met outcomes need to be made part of the mainstream funding. The posts/projects need to be built into service infrastructures.
2. Recommendations for Bids:-
 - Wigan & Leigh People First and other Advocacy Developments
 - Housing
 - Employment
 - Family Forum
 - Partnership Board Support
 - LDPB – Technical Support
 - Planted Partnership
3. The Family Forum thanks Bridget Hollingsworth for her invitation to attend the next team meeting in February 2009, and would like to remind other partner agencies that they would like to attend staff meeting to give a short presentation. Please contact datkinson100@hotmail.co.uk with possible dates for attendance.
4. Once again the Family Forum members felt that the feedback to questions asked previously was lacking detail. Can the LDPB please look at the questions asked previously and provide more detailed feedback. All feedback should be given to Dorothy Atkinson (secretary) on datkinson100@hotmail.co.uk
