

2010

2010, Oh what a year!

The excitement, the fun,

The hope,

And the fear,

As a group we've stayed strong,

Done all we can,

You have to admit,

We're an extraordinary gang!

The drama! The drama!

The drama that goes on!

The hard work, and obstacles,

Members gained and some gone.

The challenge! The challenge!

To be user led,

Our heads close to bursting

From all the information that's been fed.

But behind the commotion,

Is something so clear,

It's our utter devotion,

Overpowering our fear,

People need to be supported,

In creative ways,

Through person centred workshops

And advocacy plays,

We have all worked together,

And as I'm sure you all know,

We have something real, something special

And it is yearning to grow.

So as we enter 2011

Please support More than Words

The magnificent seven.
